Notes.

1. The Spring Call budget request for fiscal year 2019 was originally based on a "medium" airframe based in Las Vegas. Following submission of the budget request and approval by DOJ and OMD, JPATS made the decision to dispose of the SAAB and replace with an additional 737; accordingly, for the fiscal year 2020 Spring Call budget request, the fiscal year 2019 estimate was revised to reflect the higher flight hour cost of \$15,103 for the Las Vegas-based aircraft. The executed reimbursable agreement with JPATS for fiscal year 2019 reflected the higher flight hour cost.

2. Through the fiscal year 2019 President's Budget, the "medium" airframe was a 50-seat SAAB aircraft; beginning with the fiscal year 2020 budget formulation, JPATS replaced the SAAB with a 737.
